TAXPAYERS RESEARCH ASSOCIATION

826 Ewing Street  
Fort Wayne, Indiana

January 22, 1974

TO: COMMON COUNCIL - CITY OF FORT WAYNE, INDIANA  
RE: Request of Administration for \$50,000 Federal Revenue Sharing Funds  
for Governmental Study.

The Civil City Committee of Taxpayers Research Association has studied the request for \$50,000 of Revenue Sharing Funds for the conducting of a local governmental study.

After consideration, we oppose this request at this time for the following reasons:

- 1) The \$50,000 figure was selected almost at random and no realistic study has been made to determine the amount of funds actually needed. The final bill could be \$10,000 or \$50,000 - or \$100,000.
- 2) While it has been stated that the bulk of the funds would be used for outside consultants, we find:
  - a) No careful delineation has been made as to the exact area the consultant would work. This is the most expensive way there is of hiring a consultant. We believe a careful study should first be made to better and more closely identify the area of work of the consultant.
  - b) We find there are no specifications developed to measure the expertise of the consultant needed. Should it be a management type firm that deals in government, should it be a local Political Scientist, or should it be an outside but University Political Scientist?
  - c) We were told the consultant's report would be expected by March or April of this year. We do not feel that is sufficient time to do the type study that should be done.
- 3) A report of this kind, conducted entirely by the City with no County input into the deliberations, is almost certain to be labeled as partisan and not accepted in the spirit, we are sure, the report will be done. We feel it imperative that any effort of this kind, done with public money, be reflective of the thinking of the County government as well as the City. We feel money spent on a unilateral basis is likely to be simply the preparation of another report to occupy a file cabinet.

We feel the aim of the request is worthy and at the proper time, could be supported. However, we feel the City Council has a responsibility to the taxpayers of Fort Wayne to insist that the questions we have raised, as well as other questions relating to the actual plans for the expenditure of these funds, be answered before the appropriation of funds is made.
